

Learning Area

Priority booking for previous exhibitors opens December 2017
Applications for NEW exhibitors open January 5th 2018

Learning Area

Situated near the attractions and dog agility arenas, the learning area holds a limited space of 3 metre by 3 metre covered stands.

This row of stands leads onto our 'Learning Area' which is an interactive space that is free to view. It offers visitors a great opportunity to get 'up close and personal', ask the experts questions and watch some interesting demonstrations such as thermal imaging, equine dentistry and even dog grooming!

Due to its location, the stands who flourish here relate to its surroundings such as dogs, horses and kids products. Due to its size and limitations, clothing and jewellery stands will not be accepted into these spaces.

Do apply for this area if you:

- ✓ Sell goods related to the area
- ✓ Can trade in a 3x3m covered space

Don't apply for this area if you:

- ✗ Are a catering unit
- ✗ Require a space larger than 3x3m
- ✗ Are a clothing or jewellery stand

Optional extras such as electric and flooring can be included at an additional cost.

Exhibitors in the learning area are unable to camp behind their stand but are able to camp in the exhibitors campsite free of charge.
